25X1

1. On the morning of 5 February 1955 observations were made of Kbely Airfield indicating that the following units were stationed there:

One transport regiment equipped with C-47 and IL-12 planes.
One ground attack regiment equipped with IL-10 planes.
One fighter regiment equipped with MIG-15 planes.

2. Two MIG-15 planes are on alert at all times at the end of the east runway. The boarding ladders are placed against the planes, and the take-off batteries are connected underneath.
3. At approximately noon on 6 February 1955 a C-47 towing a glider was observed taking off. A few minutes later another C-47 towing a glider took off from the runway.

25X1

4. More than 100 IL-10's were observed at Letnany Airfield. they do not belong to any active units but must either constitute a reserve or be intended for new regiments to be formed when more pilots have been trained.
